Indices:	Name	ISIN code

**Subject:** Removal

**Company:** SNS Reaal (ISIN: NL0000390706)

**Details:** The Dutch Government has announced that it has nationalized SNS Reaal. The Compiler of the AMX has decided to delete SNS effective 7 February from the AMX at a price of EUR 0.

This decision was taken as the Compiler deems it unlikely that trading in SNS will be resumed in a reasonable timeframe. The price of EUR 0 is set based on the notion that the action of the Minister of Finance was taken as a last resort avoiding a bankruptcy which also would have left the shares close to a value of 0. The Compiler would have preferred to take the shares out at the compensation price, but given the fact that such price is not expected to be determined before the first upcoming expiration of index based derivatives or even the annual review, it has opted for removal at EUR 0 effective 7 February 2013

**Index Adjustment(s):** SNS will be removed from the index after close of business on Wednesday 6 February; the divisor of the AMX will not change.

**Time table:** After close of business on Wednesday 6 February a new Index Announcement will be published confirming the removal.
